AMENDMENT AFTER FINAL

Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Dear Sir:

The enclosed Amendment responds to the final office action mailed to the applicant by the PTO on August 4, 1994 and a telephone call from the Examiner on September 13, 1994.

- ☒ The Commissioner is hereby authorized to charge any additional fees which may be required by this amendment, to Deposit Account No. 06-1300 (Order No. A-54591/GSW).

IN THE SPECIFICATION:

Add the following abstract:

An information broadcasting system provides a large number of subscribers access to a large amount of information using one or more satellite transmission channels. The system can also use cable television transmission channels. A program supplier station stores an information database and tags all the information in the database with indices so as to form a single hierarchical structure which encompasses the entire information database. Portions of the information database are transmitted often, at least once per day, in order to provide the basic
